

P5 Christmas Holiday Homework

You have lots of time now and lots of opportunities to learn and have fun during the Christmas Holidays!

Play, watch movies, read books and spend a lot of time with your family – brothers, sisters, mom, dad and grandparents. Don't forget your friends!

At the same time, do revise what you have done in school! Here are some of the things you can do that can be fun and at the same time you can learn something:

MATHS

1. Revise times tables from 1 to 12. Make it fun, try writing it using different colours or write it in different handwriting!
2. Complete Revision 2 in Text Book and Work Book 5D.
3. Find 3 large objects and measure their volume in m^3 .
4. Find 3 small objects and measure their volume in cm^3 .

Use this table to record your observations:

Number	Object Name	Volume (Show the steps)
1.		
2.		
3.		
4.		
5.		
6.		

ENGLISH

1. Develop the habit of reading. This goes a long way and helps you to excel not only in academics but also enhances your expression, imagination, vocabulary. So read story books, newspapers, comics and magazines.

Read at least one story book of your level. After reading the story write (in your English notebook):

- What do you think of the story? (did you like it? Why? Why Not?) (100 words)
- Who are the characters in the story? (the people or animals in the story)
- Draw the story in pictures. (Like a comic strip)
- Have you read any other similar story? Can you find any connection from the story to your life?

2. Practice 4 pages of cursive handwriting in your handwriting book (Book 10).

General Studies

1. What did you do during Christmas? Write in two to three paragraphs to describe how you or other people celebrate Christmas. Remember, write only about the festival celebration. If you do not celebrate Christmas, find out and write about how other people celebrate Christmas.

Write in your English notebook.

HAVE A HAPPY HOLIDAY!!!!
